

You have the right to receive a “Good Faith Estimate” explaining how much your medical care will cost

Under the law, health care providers need to give patients who don’t have insurance or who are not using insurance an estimate of the bill for medical items and services.

Out-of-network provider name: Music City Family Therapy

Music City Family Therapy does not file insurance for any patients. Some diagnoses may not be covered by insurance if you choose to seek services out of network. Music City Family Therapy is not a part of any network and is therefore “out-of-network” to any and all plans.

It should also be understood that a client-therapist relationship can be severed at any time by the client or their responsible guardian, with the possible exception of court-ordered therapy. In this way, there is at no time any obligation to continue therapy, and any continuation of therapy is on an appointment-by-appointment basis at the discretion of the client or their guardian responsible for payment.

The amounts below are only an estimate; this is not an offer or contract for services. This estimate shows the full estimated costs of the items or services listed. It does not include any information about what your health plan may cover. The final cost of services may be different than this estimate. Contact your health plan to find out how much, if any, they might reimburse.
